

Week 17 Work for 7th/8th Grade The World of Astronomy

Monday

Morning-

- Read 3-4 pages of your nature lore.
- Read pages 6-11 in The World of Astronomy. Stop reading before the last paragraph on page 11.
- Give a narration over what you read in your science notebook.
- Answer questions 1-5 from page 17.

Afternoon

- Take a nature walk.

Tuesday

Morning-

- Go through the experimental design Juno. See if you can answer the questions correctly.
- Print the experiment planning sheet and fill in information about your science fair experiment.

Afternoon-

- Take a **nature walk**.

Wednesday

Morning-

- Read pages 11 - 16 in The World of Astronomy.
- Give a narration.
- Answer questions 6-12 from page 17.

Afternoon-

Take a **nature walk**.

Thursday

Co-op

Bring your science notebooks and your planning sheet for your experiment.

Friday

- Read** 3-4 pages of your Nature Lore book.
- Look over the science fair experiment you designed. Make a list of the things you will need for the experiment.
